Volunteers needed for Raystown Lake cleanup day

HESSTON, Pa. — Come on...we know you love Raystown Lake and we need your help! The U.S. Army Corps of Engineers and the Friends of Raystown Lake invite energized volunteers to help with Lake Cleanup Day, scheduled for Saturday, April 19, 2008. The event will begin at 9:00 a.m. at the Tatman Run Boat Launch and conclude around 1:00 p.m., with a free picnic lunch.

This year's Lake Cleanup Day coincides with the Great Pennsylvania Cleanup and Earth Day. All groups will travel by boat to reach remote areas of the shoreline where unsightly litter has accumulated and begin to clean these areas and recycle the materials.

Lake Cleanup Day is a great opportunity for sportsmen's and environmental organizations, civic clubs, boy and girl scouts or individual volunteers to demonstrate their commitment to the environment of Raystown Lake.

Anyone interested in participating in this year's cleanup day or wanting more information may contact Raystown Lake at (814) 658-6812.
